INTEGRATED EYEWEAR

In addition to our bump caps we offer an industry leading selection of hard hats and accessories. Here are the examples of our hard hats that feature integrated eyewear:

Spectrum

One of our pioneering head protection systems – with integrated over eyeglasses to deliver grade B medium energy EN 166 impact protection. Suitable for wearers of prescription eyewear. Also available with SecurePlus 4 point chinstrap for added security / optimum head retention.

Vision Plus

Our industry-leading head protection system offers wearers of prescription glasses total safety reassurance – with molded integrated eye protection uniquely certified to grade A high impact levels. Also available with SecurePlus 4 point chinstrap for added security / optimum head retention.

Nexus

Our multi award winning helmet fitted with integrated molded eye protection combines advanced industrial safety standards with modern recreational styling.

There are several benefits to considering integrated eyewear in a head protection system:

- Increased impact protection
- Easier and less expensive to accommodate eyeglass wearers
- Reduced costs

AIRMATIC founded in 1944, is a woman-owned Industrial Distributor, with installation and maintenance capabilities, offering equipment, machinery, and shop supplies to the Industrial, Construction, Utility, Government, and Commercial Markets. Our products and services are sold through three business units:

The **MATERIALS MANAGEMENT GROUP** provides products and services to industries that convey, store, transport, and process powders and bulk solids from aggregates, cement, and chemicals to foods, grains, metals, power generation, and waste water treatment applications;

The **SERVICE GROUP** provides fabrication, installation, and maintenance services to improve bulk materials handling efficiency; mechanical clean-out services for silos and hoppers to eliminate material flow problems; and shop repair/rebuilding and modifications services of products sold by the Company.

The **TOOL GROUP** provides power tools, personal protective equipment, materials-handling equipment, shop equipment and MRO supplies used for production, fabrication, assembly, metal removal, maintenance, and storage in manufacturing, construction, utility, and commercial applications.

Our Customers tell us that by choosing AIRMATIC to solve their problems, they gain increased productivity, decreased costs, and a safer, cleaner work environment.

CENTURION SAFETY PRODUCTS is a market leading manufacturer of industrial hardhats. Established in Norfolk, England in 1879, CENTURION has produced Personal Protective Equipment since the first World War, manufacturing hardhats for the military. Today, CENTURION manufactures hardhats for general purpose and specialized applications as well as produces face and hearing protection accessories under the CONNECT® Brand. CENTURION's commitment is to first class product quality with the ability to respond quickly to changes in legislation and market requirements.
