

DEWALT® FLEXVOLT CORDLESS AIR COMPRESSOR KIT

The DEWALT 60V MAX* FLEXVOLT 2.5 Gallon Cordless Air Compressor offers all of the convenience and portability of going cordless to make your KODI Tools even easier to use. Each battery charge allows for up to 1200 Klips, enabling workers to complete any job. Its OneTurn Regulator means you don't have to fight with a dial. Like the KODI KLIP System, it's made in the USA.

GO PORTABLE!
WITH YOUR KODI KLIP SYSTEM

*Comes with all
you see here!*

SPECIFICATIONS

POWER TOOL TYPE	CORDLESS
STYLE	HAND CARRY
MAX PSI	135
SCFM @ 40 PSI	1.5
SCFM @ 90 PSI	1.2
PEAK HORSEPOWER	0.4
TANK SIZE	2.5 GAL
BATTERIES (2)	12.0 Ah LITHIUM ION
PUMP TYPE	OIL FREE
NUMBER OF COUPLERS	1
DRAIN VALVE TYPE	BALL DRAIN VALVE
TOOL DIMENSIONS	15.5" H x 12.5"W x 14"L
TOOL WEIGHT	21.5 LBS

INCLUDES

- DCC2560 Cordless Air Compressor
- (2) DCB612 FLEXVOLT Lithium Ion Battery
- DCB118 20V Max Fan Cooled Fast Charger
- 25ft Air Hose w/ Couplings

FEATURES

- Lightweight, hand carry portability at only 21.5-lbs
- Heavy-duty Roll Cage for the toughest job sites
- OneTurn™ Regulator for fast, accurate pressure adjustments
- Brushless motor and a HD oil-free pump provides cordless convenience with corded tool power
- Advanced designed cooling system
- Motor overload protection
- Produces 1.2 SCFM @ 90 PSI; only 79dBA

AIRMATIC founded in 1944, is a woman-owned Industrial Distributor, with installation and maintenance capabilities, offering equipment, machinery, and shop supplies to the Industrial, Construction, Utility, Government, and Commercial Markets. Our products and services are sold through three business units:

The **MATERIALS MANAGEMENT GROUP** provides products and services to industries that convey, store, transport, and process powders and bulk solids from aggregates, cement, and chemicals to foods, grains, metals, power generation, and waste water treatment applications;

The **SERVICE GROUP** provides fabrication, installation, and maintenance services to improve bulk materials handling efficiency; mechanical clean-out services for silos and hoppers to eliminate material flow problems; and shop repair/rebuilding and modifications services of products sold by the Company.

The **TOOL GROUP** provides power tools, personal protective equipment, materials-handling equipment, shop equipment and MRO supplies used for production, fabrication, assembly, metal removal, maintenance, and storage in manufacturing, construction, utility, and commercial applications.

Our Customers tell us that by choosing AIRMATIC to solve their problems, they gain increased productivity, decreased costs, and a safer, cleaner work environment.

KODI KLIP
Rebar Connection Systems

KODI KLIP. Fastening rebar with wire ties is an expensive process that can injure workers, create construction bottlenecks and increase maintenance costs, while still producing unstable and inconsistent connections. The innovative KODI KLIP Rebar Fastening System eliminates these problems. The KODI KLIP System utilizes a magazine-fed, lightweight, air operated KLIPPING TOOL to shoot molded, recycled, polycarbonate resin KLIPS onto rebar connection points. The K-KLIPS provide a secure, four-way grip which won't damage rebar, corrode, or loosen under load. The System design saves time and effort by enabling the work to be done directly on the surface it is placed on, eliminating the need for lifting and propping-up the rebar while fastening it. The robust K-KLIPS produce far more rigid connections than traditional methods, enabling assembled units to be built and handled safely.
